

WFE 3 TDDT EVALUATOR COMMENTS

WFE #3 Issues
(27 Feb - 3 Mar 06)

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #
Collective Training → ELO 1: Create Organization Task List		
"Status"	Should be drop-down data list offering options (e.g., "analysis", "draft", "analysis completed" at al. <ul style="list-style-type: none"> Currently display is drop-down data table with three invalid options of "Yes", "NO", or "CLEAR SELECTION." 	1/1216, 1371, 1323
STATUS	Status should default to "Analysis"; it does not.	2/1389, 1403, 1409
"Status Date"	No time stamp is provided; consider Zulu time. This should be system generated.	2/1373, 1392
"Mission Associations"	Currently is actually MTP but inoperative – disappears upon save to server. Need Mission Support Table	1/1218, 1225, 1378
AUTL	AUTL and UJTL must be two separate support tables. <ul style="list-style-type: none"> AUTL should populate from existing task. 	1/1598
Collective Task	All information populates one data field; Task ID and Task Title data fields do not populate at all.	2/1587
Table Maintenance "Personnel Strengths"	Entry in one data field (e.g., Officer AOC) should preclude entries in remaining two (e.g., Enl and/or WO)	1/1586
Table Maintenance "Equipment Strengths"	Entry in one data field (e.g., LIN) should preclude entries in remaining column (e.g., Materiel Item)	1/1586
New OTL – Effective Date	There is no data field to accommodate this information requirement.	1/1379
New OTL	System does not display school data (proponent, domain, <u>sub-domain</u>). <ul style="list-style-type: none"> "Help" is not tied to the specific screen like ASAT Task information populates into only one column 	1/1544, 1590 1587
Filter	Data Base only shows first 5000 options, how does user find the others if he/she does not know what to filter on.	2/1589
Table Maintenance	Related Data Table Titles and document template data field titles do no always match.	2/782, 1181
Copy OTL	Title bar only shows original file name; should reflect that it is a copy.	1/1623
Change History	Field missing	1/807, 1361
Unable to find UTL /OTL based on Org TOE ID	UTL Filters do not filter on ORG ID. Also, UTL/OTL filter capabilities are needed for Proponent and Echelon.	1/1548
Unable to add OTL/UTL as an object to the Access Group.	Access group view or related data <u>provided</u> no way to add a ORG Task List object to the Object Areas list.	1/1547

WFE #3 Issues
(27 Feb - 3 Mar 06)

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #
When creating a subdomain Unable to relate OTL-UTL to the subdomain	No UTL-OTL object selection exists in Subdomain related data. Unable to add OTL objects to any subdomain	1/1544
System Wide		
Slow performance	Software slow in most cases	1/1588
Filter	All filters must allow for "next 5000" and beyond. Also, filter capabilities must be greatly expanded in all cases	1/1589
Status date does not show time	Shows only calendar date and a time that never changes. This should be system generated.	2/1373, 1225
Related Data titles	RD titles do not match object fields.	2/1181
Distribution Restriction	Distribution Restriction field in all objects must have reason and date editable.	1/1418
System requirements for log-in?	Issue at Fort Knox only? Apparently system requires Admin Rights to allow user check-in	N/A
Mandatory Fields	Need to identify Mandatory Fields in all objects (including tables). • Does not have a "Wizard" like ASAT	2/1410 No requirement
CAC Card requirement	Users will soon need to have CAC Cards to log in	2/NA
System "HELP"	Should be context sensitive	1/1590
Remote Users unable to log into TDDT	- Error messages point to .NET Environment	1/1541
Collective Training → ELO 2: Collective Task		
Status does not show properly	Shows Yes/No instead of proper status types; need a drop list of several options.	1/1443, 1607
Multimedia cannot be viewed	Multimedia must be up-loadable and viewable	1/1554
Add Task Data	Training Frequency – There is no data field to accommodate this information requirement.	1/1393, 1364
Combined Arms Training Strategy (CATS)		
Training Event Frequency	Frequency of Training Events does not save (Training Issue)	1/1189, 1364
Training Audience Resources	Class III/IV/VII resources not working in CATS	1/1429
Save not evident	Save is not always available, and not intuitive to user when save is required	2/1663
Work area closes after refresh	When changing screens, the work area always returns to closed position	2/1664
OPFOR guidance	Not available	1/1620
OPFOR Tasks	Unable to select "Other" OPFOR Tasks	1/1622
Training Frequency "Quarterly"	Choosing a frequency of Quarterly caused Save to hang indefinitely	1/1624

WFE #3 Issues
(27 Feb - 3 Mar 06)

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #

Multi-Echelon training	Not working	1/1651
Duty Positions	No for Training Audience do not save	1/1652
Cost of Event	Unable to calculate running total of event costs. Is this a requirement?	2 or lower/1661
TADSS data filters	Not available/missing.	1/1653
TADSS Selection	Unable to create a TADSS Selection for re-use	1/1654
CATS OPFOR fields	OPFOR size and type selections unavailable	1/1669
CATS Training Products	Unable to link Training Products and Materials to a CATS Event	1/1671
CATS Event Gates	Not working/no data available	1/1655
Status/Status Date	No fields for Event or Strategy	1/1657
Job Task List		
Required fields	Required fields must be clearly identifiable.	2/1410
Materiel Item Related Data	The Materiel Item Related Data field has no filter. Redundant tables, one for Job Task List Materiel Item, and one for Materiel Item	1/1360 1616
<u>Sustainment</u> /Subject	Fields are supposed to be drop lists, but are text	2/1416, 1307
Location/Duty Position	Fields are supposed to be drop lists, but are text	2/1618
MOS/Skill Level	MOS and Skill Level should be separate fields.	2/1619
Change History	Change History field is titled "Histories" and is editable.	1/1625
Disabled fields	FP says that when MOS is chosen, other fields AOC/WOC/ASI/etc. are disabled.	2/1630
Common Task	Should be a Y/N field that designates a common task	1/1647
Copy JTL copies entire object	When JTL is copied, Version/Approval/Distribution Restriction/STP should NOT copy.	2/1676
Unable to add JTL as an object to the Access Group.	Access group view or related <u>data provides</u> no way to add a Job Task List object to the Object Areas list.	1/1546

WFE #3 Issues
(27 Feb - 3 Mar 06)

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #
All JTL Items in the database appear to have the same dates.	Possible that <u>similar date</u> are actually the data migration date. Also While looking for a JTL to populate subdomains, unable to see status of <u>JTLs</u> .	1/1545
Individual Task		
Distribution Restriction	Must be editable – System-wide	1/1658
Foreign Disclosure	Must be editable – System-wide	1/1659
Multimedia	Content must be viewable	1/1660
Feedback entries	Should not be from a Related Data table	2/1400, 509
Supported Tasks/Drills	Field should be display ONLY	1/1662
STP – Partial Functionality		
Status List	Incorrect status list displays	1/1627
Security Domain	Field will not populate.	1/1626
Distribution Restriction	Distribution Restriction field must be editable	1/1631
References	References will not populate	1/1634
Chapters	Chapters must accept graphics	1/1635
Chapter 1 & 2	Chapters 1 & 2 should pre-populate with canned text (default data) and allow edit.	1/1637
Lesson Plan Partial Functionality		
Security Domain	Entry disappears after Save	1/1552
Individual Tasks Taught	Must let you pick as a TLO/ELO. Need to be able to bring over with all activities; also bring over conditions and standards.	1/1553
Individual Tasks Supported	Must allow you to pick portions of tasks; what pieces must be re-taught in order to teach the lesson. (ASAT has a grid with all the task steps. <u>users</u> select a step from a task that will be reviewed or re-taught in the lesson).	1/1554
LP Data roll-up	Data must roll DOWN from the LP object, not up from the TLO/ELO	1/1555
Time of Instruction	TOMA says time MUST be in tenths of an hour, not minutes. Should only be editable at TLO level by TOMA, automatically calculated, and rolled up from ELO/LSA. Must accept numeric data ONLY (standardized data field that accepts numeric data only in hours and tenths of hours).	1/1556
Management Category	Incomplete data in table.	1/1557
Lesson Plan Approvers	Could not populate data.	1/1558
Associated Tasks	Must bring in Skills/Knowledge & Resources	1/1559
Foreign Disclosure	Must be drop list and editable to add reason and date – system-wide	1/1560

**WFE #3 Issues
(27 Feb - 3 Mar 06)**

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #
Facility Set-up/Clean-up	Set-up/Clean-up times = first time set-up is different from subsequent classes (quantity can be null).	2/1639
TLO Equipment field	OPTEMPO Hours and OPTEMPO Miles –Should not be able to put anything in this field unless it is a truck or generator with hours, meters or miles.	2/1640
TLO Where Used field	Where used field should not be editable at TLO level	1/1641
Prerequisite Lesson Plan fields	Field has administrative data and should be moved to the top of the list.	2/1645
Lesson Plan Instr/Student Ratio	Instructor/Student ratio should be a self-calculating field.	1/1646
Lesson Plan Security Sub-Domain	Security Sub-Domain disappeared after save to server.	1/1649
Lesson Plan Technique of Delivery	Table incorrect. Some selections are media and some are a technique of delivery.	1/1650
Instructional Strategies	Field missing from Introduction, Summary, and LSA objects/fields	1/1666
Security Classification	Field missing (display) from LP. Should be a display of most restrictive classification of associated objects.	1/1667
TLO Equipment field	LIN should be linked to an NSN. Additionally, user cannot delete equipment once linked unless you delete the entire data field.	2/1668
TLO Equipment field	Should allow LIN OR Equipment and allow a "null" for the other	2/1670
Individual TSP – Partially Evaluated		
View Individual Tasks	Must display tasks of all associated Lesson Plans	1/1561
View Collective Tasks	Must display tasks of all associated Lesson Plans	1/1562
View Foreign Disclosure	Must populate from linked Lesson Plans; also must be editable to add reason and date – system-wide	1/1563
Copy TSP	Must indicate on the Title Bar that a copy has been made (Universal Fix)	1/1564
TSP Default Status	TSP Status should default to "Proposed"	2/1665
CAD – Partially Evaluated		
Change History	Missing from ALL ATIA products (Present in some TDDT)	1/1565
Status Data	Auto populate by system, but editable and standard format	2/1566
Security Classification	Must have option other than UNCLASS. Is classification of Course, not <u>content</u> .	1/1567
Save prior to moving	Add Save buttons at each level of screen; prompt to save when leaving screen. Save is inconsistent. Sometimes goes into loop and stalls system	1/1568
FY/Quarter fields	Should be calendar/numeric, not text	1/1569
Specialty	Incorrect data displayed. Must have capability to display more than one; also grabbing wrong data.	1/1570

WFE #3 Issues
(27 Feb - 3 Mar 06)

(WFE # 3 CRs 1541 to 1691)

Problem Reference	Comments	Priority/CR #
ICH/Academic Hours	Need an editable Proposed field added.	1/1571
Validation Code	Must be editable by TOMA only and a drop list	1/1572
MACOM Valid/MRAD Valid	TOMA editable only	1/1574
ICH/Academic Hours	Computed/Validated fields are TOMA editable only	1/1573
Resource fields	Incomplete. Need filters like <u>TDDT</u> .	1/1575
CAD Report	Will not print	1/1576
Facilities sub-field	Man-Hours sub-field title must change to "Hours"	2/1577
Save application	Every time user saves the system adds a phase.	1/1578
Course Management Category	Data Field missing	1/1579
Date Displays	All should be populated by drop down calendars --> ATIA -wide	1/1580
CAD TADSS Appendices	TADSS – Does not save TADSS data.	1/1687
